NOVA FONTE PURA  
Archetype of a new era

Almost 100 years ago,

KLUDI began manufacturing bathroom fittings using traditional methods of craftsmanship. Followed by high-quality, reliable fixtures of timeless design, this expertise formed the foundation of KLUDI. From the tradition as a fittings specialist, the goal was created to combine the highest quality of use, perfect design and sustainability in a unique way. Thus the claim *Water in Perfection* finds unmistakable expression in our products as well as in all services we provide for our customers. It inspires and drives our future activities.

PURA

Archetype of a new era

NOVA FONTE Pura combines a unique sophistication with an appealing lightness and subtlety. The geometries have been reduced to the bare essentials and brought into harmonious proportion. Consistency down to the smallest detail is evident in the absolutely precise transitions between the spout and the body, and the ultimate exact corner radii of the lever with the flat surfaces. Its extremely sophisticated design not only expresses lightness and transcendence, but also makes minimal use of materials. Since the smaller ecological footprint fulfils today's sustainability requirements, NOVA FONTE Pura is the true archetype of a new era.

Archetype of a new era

## Minimalistic architecture relies on subtle elegance

6

With its clear, minimalistic forms, geometries and particularly precise transitions between the spout and the body, the NOVA FONTE Pura is symbolic of contemporary purism.

The chrome, matt black and matt white finishes represent the perfect choice for stylish purist architecture.

NOVA FONTE Pura

NOVA FONTE Puristic

NOVA FONTE is more than just a range of fittings. With its three design characteristics Puristic, Classic and Déco, each of which provide unique interpretations of a modern classic bathroom, it offers a wide range of creative freedom

for bathroom design. NOVA FONTE Pura perfects this unique concept by opening up additional design options in the bathroom with different single-lever mixers for the washbasin and bidet.
